VOTING ON DEMANDS FOR GRANTS—(*contd.*)

DEMAND VIII—ADMINISTRATION OF JUSTICE—(*contd*).

Motion No. 402.

PRESIDENT: The time allotted for questions has expired.

We will now proceed to the discussion on Demands for grants. I find that motion No. 402 was touched yesterday. It was held over on account of want of time for a decision as regards the admissibility of that particular cut motion. The wording of the cut motion is not clear to my mind. It has been made on the grant of Rs. 72,994 which appears as the total votable grant in regard to the High Court. If therefore the object of this motion is to protest against the importation of outsiders as High Court Judges the ruling given by the Chair on the adjournment motion which came up for consideration early in the Session will still hold good. But if the object of this motion is to discuss in a general manner regarding the recruitment of Judges, the question will assume a different complexion. In regard to the previous ruling, the Chair will still insist and no reference being made to the importation of outsiders as High Court Judges which has already been ruled on the ground that the High Court Judges are the appointments made by the Sovereign direct and no action of the Sovereign should be subjected to discussion on the floor of the House. Not merely in respect of an adjournment motion, but in respect of every proceedings before the House such action cannot be challenged or discussed.
